EDUCATION

Addis Ababa University, Ethiopia — Degree

july 2019 - september 202022

Currently I am a student at addis ababa institute of technology department of information technology. I am highly organized. I always take notes, and I use a series of tools to help myself stay on top of deadlines. I like to keep a clean workspace and create a logical filing method so I'm always able to find what I need. I find this increases efficiency and also helps the rest of the team stay on track. I am ambitious and driven. I thrive on challenges and constantly set goals for myself, so I have something to strive towards. I'm not comfortable with settling, and I'm always looking for an opportunity to do better and achieve greatness. In my previous role
